

Kroger Cares for MTCS

Let 4% of your Kroger grocery, pharmacy, and gas bill benefit MTCS.
Our school receives 4% of all items purchased with the Kroger Gift Card.

Here's how it works:

\$ Purchase a Kroger Gift Card from the MTCS business office that is coded to identify our school's account for \$5.00.

\$ You can add value to, or "recharge," up to \$500 on your Kroger Gift Card at Customer Service **or** at the register by paying with cash, check, or charge.

\$ If you recharge at the register, you must do so **before** the cashier begins scanning your items or pumping your gas.

\$ The Kroger Gift Card is a debit card and can be used at any Kroger store, Kroger Pharmacy, and Kroger Gas Station.

\$ Your remaining balance on the Gift Card will be printed on your receipt.

\$ Every time our supporters collectively spend \$5,000, Kroger sends a MTCS a check.

If 250 families spend \$100 a week on their Kroger Gift Card, MTCS will get \$52,000 a year! You spend no more than you are already spending for food and other items. Kroger is making the donation.
